

Lotus Preschool is hosting a fun learning workshop!

An evening with Christopher Glover, MS

Constructing an Appeal for Learning and a Thirst for Achievement

Children are born with a yearning for learning and discovery—a yearning that is too often dashed by the well-intended efforts of teachers and parents who prioritize achievement over learning. This workshop will explore the rudimentary underpinnings of the will to learn and ways to advance achievement via pursuit of meaningful scholastic activity and through the cultivation of academic self-confidence and empowerment.

March 6, 2018 – Tuesday

Betsuin's Multi-purpose Room, 6:00-8:00pm

For Parents, Grandparents, Educators – If you haven't learned from Christopher Glover, now's your opportunity!

RSVP – by March 4th, lotuspreschool@yahoo.com (408) 293-1612

FREE! Due to the Betsuin orei for volunteering in our Obon Smoothie and Milk Tea booth!
